ABOUT US

Refreshingly Healthy Idea!

Sweet Taste of Health

Lemon...the fruit with tangy & acidic taste has been an integral part of ancient Indian medical wisdom & till date this little source of **refreshment & instant energy** woes people across the world with its **health properties**. Propelled by the urge & passion to introduce to the world its advanced, improved and better avatar with all its health & taste properties intact, Lemino Agro India Pvt. Limited came in to existence in the year with seedless lemons & refreshing range of lemon based products that include **beverages, pickles, confectionaries & much more.**

Driven by the philosophy of **'by the farmer, for the farmer'**, seeds of Lemino Agro were sown with the vision to uplift both the grass root product & its producer with the rightful mix of science &

technology that would bear the **better quality product resulting in growth & progress for the farmer** & thus today Lemino is the pioneer in the production of finest quality **seedless lemons** that spread its zesty aroma & taste across the India.

Founded & steered by Mr. Hitendra Patel, who take pride in being the 'son of soil' & always dreamt of contributing towards growth of the country. With his exhaustive knowledge in farming, visionary leadership & sharp business acumen he has nurtured Lemino Agro as a brand that stands for advancement & quality. Sharing his wisdom & experience, he continuously endeavours to guide farmers in creating higher quality products in a bid to add value to their business & financial growth.

VISION

To be the leading Company worldwide providing responsive services to the consumers, farmer - supportive agreements for development of agro based food- tech industry.

MISSION

- Lemino aims to impart multidimensional approach to the progress of food industry by
- Providing relevant support to the people in Agriculture, food processing & allied technologies.
- Promotion of organic & sustainable development of agricultural Production.
- Encouraging the youth to embrace agro entrepreneurship & rural development

ENVIRONMENT POLICY

From the nature. For the nature.

Nature is the biggest god who keeps bestowing us with health, progress & prosperity. For the mother earth that always take care of us, we as a conscience driven company keep preservation & protective of nature as our prime agenda in every activity we pursue.

from clean & green, energy saving, nature caring technologies to adopting & creating safe & eco-friendly working environment, We intend to establish an entity where both progress & people thrive together mutually & naturally.

SEED TO SIP

From seed to sip...the promise of perfection we keep.

Every product, coming out of the production plant of Lemino Agro bears the testimony and hallmark of highest quality, hygiene & purity preserved in its round the year freshness. This assurance comes from the practices and processes we have employed at our state of the plant at Gujarat spread over the vast land of 300 acres along with added capacity of 2500 acres producing highest quality seedless lemons. Along with plantation at Gujarat in 300 acre of company owned land, Lemino has the strength of experience and technically upgraded farmers helping to product large volume of seedless lemons. Trained by our agronomist, the team of farmers are equipped with modern farming methods and technologies to produce

best quality seedless lemons.

Lemon grown under the precisely supervised environment then move to ultra -modern dustproof processing plant at Gujarat fully equipped advanced technologies for processing, storage, packing & export. Each procedure starting from processing, washing, cutting for its superior quality product range made with choicest of lemons is quality controlled and goes through various quality scans to ensure perfection to the hilt.

At its fully automated and hygienic plant, armed with best in the industry production support, company has monthly capacity of producing 15 lacs bottles of varied lemon flavoured juices and 240 tons of variety of pickles under one roof.

QUALITY POLICY

Open the lock to unlock freshness & fun.

At Lemino our **certifications and awards** are the **by-products of the trust and love of our customers – the steadfast values of the Lemino achieved** through the adherence to quality. As an **ISO 22000:2005 certified company**, Lemino has

established a legacy of precision and meticulousness for every person associated with the brand and now they consider it their individual responsibility to maintain the **high standards of quality**. Team Lemino prides and feels proud in affirming to the fact that company has all the **statutory licences and FSSI approval** to deliver the products at par.
